“Haven't had Strada for very long but so far, they provided me with a superb experience. Everything from the service all the way to their techs and customer service,” from a new customer in Erie, IL.

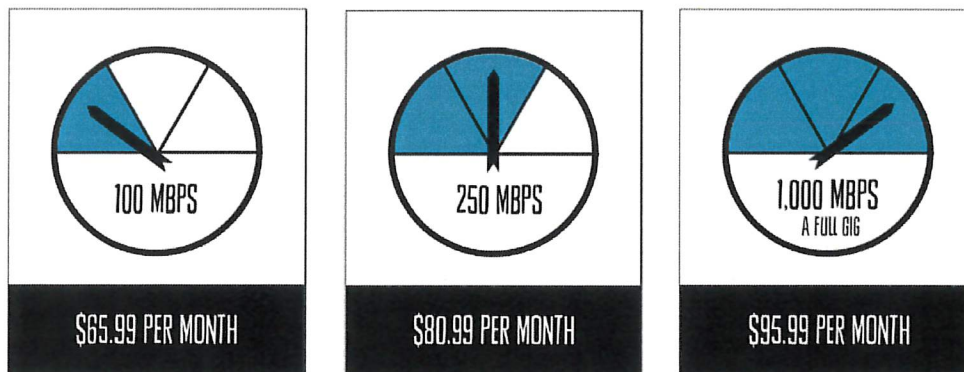

We're investing \$2.8 million to get Lyndon set up with a 100% Fiber Internet Underground Network which gives you access to lightning-fast speeds, reliability, and personal customer service.

We keep it simple. No cost for installation, no hidden fees, no contracts. As part of your service, we provide a modem/router combo FOR FREE because we believe in using the highest quality equipment.

Give Us a Call to Learn More [309-496-3737](tel:309-496-3737)

Strada Communications is a locally owned and operated Internet Service Provider located in Rapids City, IL. Our team lives and works in this community and we are committed to bringing the most advanced, reliable, and affordable internet options to our neighbors when big box companies won't. We now serve over 1,200 customers in Rapids City, Port Byron, Erie, and Cordova, IL.

We have a plan to fit your needs.

Prices include your equipment (\$375 value) and there are no extra or hidden fees.

*Businesses & Rural customers may fall within another pricing tier. Call our office to confirm your address.

Call to get your home or business ready. There's no cost to bring the Fiber to your home or business, and no obligation to take our services. We'll get you ready *for free* so you can switch to our services at any time.

We look forward to getting your home or business connected to our 100% Fiber Network,

Scott Searl, Owner – Strada Communications
